

Alameda Association of REALTORS® 2010 Housing Affordability Fund Contributors

The Alameda Association of REALTORS® is a trade association organized to ensure professionalism, protect property rights, and promote the ownership of real property. We seek to serve and be responsive to our members by continuously developing, implementing and promoting programs and services to help the individual REALTOR® be successful.

In addition, we provide the means for members to be a constructive force in the improvement of life within the community. Our members contributed to the Housing Affordability Fund which supports Affordable Housing throughout California. As an example, in 2007, Alameda received a grant for \$50,000 to develop the Buena Vista Commons.

The Association would like to acknowledge the following members for their contribution this year to the Housing Affordability Fund.
